

ALLOMAX™ Surgical Graft

Processed Human Dermal Collagen

New Application
for post-mastectomy breast reconstruction

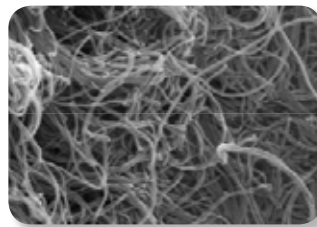

Benefits of the ALLOMAX™ Surgical Graft:

- All-natural human collagen can be used in hernia repair and abdominal wall reconstruction as well as post-mastectomy breast reconstruction.
- Limited elasticity.
- Terminally sterilized.
- Minimal storage and preparation requirements.
- Does not require refrigeration.
- Hydrates rapidly.
- Supple material with excellent handling characteristics and conforms easily to the body.
- Available in a variety of sizes for various needs.
- Open or laparoscopic placement in abdominal wall repairs.

ALLOMAX™ Surgical Graft is ideal for cases where a synthetic prosthesis is deemed inappropriate by the surgeon.

ALLOMAX™ Surgical Graft is an all-natural biologic implant comprised of human dermal collagen.

- ALLOMAX™ Surgical Graft is a sterile sheet of acellular human dermal collagen that retains its constituent elastin fibers.
- It is prepared using the proven Tutoplast® process (with over 30 years of experience) to remove non-collagenous cellular components.

Natural human collagen fibers form a matrix for rebuilding tissue (magnified 10,000x)

- It can be used in hernia or other complex abdominal wall repairs where a synthetic prosthesis is contraindicated or inappropriate, and in plastic and reconstructive procedures such as post-mastectomy breast reconstruction.
- Immersion in a sterile saline solution to the desired consistency is all that is required to completely hydrate the graft before use.
- After hydration, ALLOMAX™ Surgical Graft can be trimmed or joined together to create a graft of appropriate size and shape. It can also be shaped to fit anatomical contours.

ALLOMAX™ Surgical Graft

is just one in a complete family of hernia repair products:

Ventral Hernia Repair Products

- VENTRALEX™ Hernia Patch
- VENTRIO™ Hernia Patch
- SEPRAMESH™ IP Composite
- COMPOSIX™ L/P Mesh
- DULEX™ Mesh
- COLLAMEND™ FM Implant
- ALLOMAX™ Surgical Graft
- XENMATRIX™ Regenerative Collagen Matrix

Inguinal Hernia Repair Products

- PERFIX™ Plug
- 3DMAX™ Mesh
- MK™ Patch
- BARD™ Soft Mesh
- VISILEX™ Mesh
- BARD™ Mesh Flats and Pre-Shapes

Specialty Products

- CS™ Parastomal Hernia Patch
- CRURASOFT™ Patch

Fixation Products

- SORBAFIX™ Absorbable Fixation System
- PERMASORB™ Disposable Fixation Device
